

Possible Solution

Complete the following and use a place value model or a number line to explain your answer.

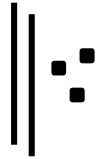

- a) 10 more than 39 is ____.

Adding 10 to 39 makes 49.

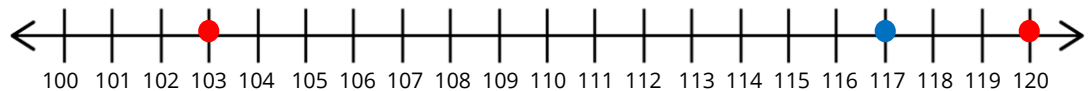

- b) 1 less than 24 is ____.

Subtracting 1 from 24 makes 23.

- c) Find a number that is more than 103 and less than 120.

117 is more than 103 because there are 7 ones but it is less than 120 because in 117 there is 1 ten.

- d) Find a number that is more than 89 and has a 9 in the tens place.

99 is more than 89 and there 9 tens in the tens place.
